Helps by promoting healthy skin, as well as restores and balances the digestive and glandular system. **Ayuderm** treats a variety of skin problems, improves digestion and strengthens the liver.

Symptoms

- Itching all over the body
- Skin allergy
- Reddish patches on skin
- Rashes
- Rough surface of skin
- White heads / black heads
- Discoloration of skin
- Inflammation of skin
- Eczema
- Ringworms

Causes

- Impurities in blood
- Constipation
- External skin infection
- Endotoxins - due to daily routine
- Increase in sebum production
- Excess intake of spicy and sour foods
- Over exposure to sunlight

AYUDERME

- Treats psoriasis successfully by moisturizing and protecting the skin while healing the lesions, scaling and irritations
- Helps in treating eczema and other persistent skin conditions
- Dilates the pores and liquefies the sebum in acne prone skin conditions, helping the drainage of the sebum effectively restoring the beautiful and lustrous skin from within
- Heals the skin and wards off allergies
- Provides astringent, antiseptic and anti-inflammatory properties

AYUDERME Capsule Contains:

Ingredients	Mode of Action
<i>Acacia catechu</i> bark Extract	Used in dermatoses and other skin disorders
<i>Azadirachta indica</i> bark Extract	Anti-inflammatory, astringent, coolant, blood purifier
<i>Posoralea coryfolia</i> Extract	Anti-fungal, anti-bacterial, anti-inflammatory
<i>Alstonia scholaris</i> Extract	Anti-inflammatory, blood purifier, immuno-modulatory, anti-bacterial
<i>Rubia cordifolia</i>	Anti-inflammatory, blood purifier, rejuvenator

Most important ingredients of AYUDERME capsules are:

Acacia catechu bark Extract:

- Has anti-fungal activity
- Provides relief from skin sores and afflictions
- Is an antipyretic and an anti-inflammatory herb
- Has mild blood clotting properties, thus prevents excessive bleeding and helps in healing the skin effectively

Azadirachta indica bark Extract:

- Is a general antiseptic
- Has excellent healing properties
- Shows antifungal activity
- Used as anti-inflammatory, astringent, and blood purifier
- Acts against harmful fungi, parasites, and viruses but does not kill off beneficial intestinal flora nor produce adverse side effects
